INFORMATION AND AUTHORIZATION FOR BLOOD, URINE OR ORAL FLUID TESTING

TESTING INFORMATION

In connection with your application for insurance, a blood, urine or oral fluid sample will be obtained for the purpose of laboratory testing to provide necessary medical information concerning your insurability. These tests may include (but are not limited to) tests for cholesterol and related lipids, diabetes, liver, kidney, or immune disorders, the presence of medications, drugs, or their metabolites, and the presence of the Human Immunodeficiency Virus (HIV, which is the virus that has been associated with the Acquired Immune Deficiency Syndrome or AIDS). All tests will be done using medically accepted and reliable procedures.

If an HIV Antibody Screen is performed, it will be performed according to the following medical protocol: an initial ELISA test; if the initial ELISA test is negative, a negative finding is reported by the laboratory to Protective Life Insurance Company, hereinafter referred to as the Company; if it is positive, it is repeated. If the second ELISA test is positive, a Western Blot test is used to confirm the previous positive results. If the second ELISA test is negative, a third ELISA test is performed. If the third ELISA test is positive, a Western Blot test is used to confirm the previous positive tests. If the third ELISA test is negative, a negative result is reported by the laboratory to the Company. Only if at least two ELISA tests and a Western Blot test are positive, will the result be reported as positive. All other results will be reported as negative or indeterminate by the laboratory to the Company.

If your HIV antibody test is positive, there is a very high probability that you have been infected with the virus. A positive test does not mean that you have AIDS. It does mean, however, that you are at risk of developing AIDS or AIDS related conditions. A positive test result would also adversely affect your insurance application. An indeterminate test result means that your insurability cannot be determined and that you should be retested by your personal physician in six months to one year.

If your HIV antibody test is negative, you most likely have not been infected by the virus. However, it is possible you have been recently infected with the virus and have not yet developed antibodies.

You will be notified if a serious abnormality on any test is found, and upon receipt of your authorization, the results will be sent to a physician of your choice.

All test results will be treated confidentially, positive HIV and/or hepatitis/antigen tests may be reported to your state department of health as required or permitted by law. If the Company receives any abnormal test results, a report may be made to the MIB, Inc. (Medical Information Bureau), as disclosed to you at time of application. Results of a positive HIV test will be reported by means of a generic code indicating a non-specific abnormality. Other abnormal results, such as elevated blood sugar or cholesterol, may be reported by a more specific code. In addition, the results of the tests could be disclosed without your consent in response to a subpoena.

INFORMED CONSENT AND AUTHORIZATION FOR BLOOD, URINE OR ORAL FLUID TESTING

I have read and understand the above Blood, Urine or Oral Fluid Testing Information. I hereby authorize the Company's designated medical facilities to obtain samples of my blood, urine or oral fluid and to perform laboratory tests on those samples including, but not limited to, a test for the presence of the Human Immunodeficiency Virus (HIV or AIDS Virus). I further authorize the disclosure of the test results only to the Company, its reinsurers, and the MIB, Inc. and as required or permitted by law. The test results will not be disclosed to any other individual or organization without a court order or written authorization from me.

SUMMARY DISCLOSURE STATEMENT for ACCELERATED DEATH BENEFIT

Benefit:

Subject to the terms of this Benefit, we will pay a portion of the death benefit upon receiving proof that the insured is terminally ill. An accelerated death benefit can only be paid one time.

Consequences of Receiving Accelerated Death Benefit:

The receipt of an accelerated death benefit may be considered a taxable event under the Internal Revenue Code. The receipt of an accelerated death benefit may also affect eligibility to receive, or continue to receive Medicaid benefits, or other state or federal government benefits and entitlements. Before you elect to receive any accelerated benefits, you should consult with your tax advisor.

Amount You May Elect:

You may elect the amount of the accelerated death benefit to be paid. The limits are outlined in the Benefit but are generally limited to the lesser of 60% of the death benefit of the policy or $1,000,000. We will charge an administrative fee of not more than $300, deducted from any payment made.

When Eligible for Payment of Benefit:

You are entitled to receive the accelerated death benefit when we have determined that the insured is terminally ill and has a life expectancy of 6 months or less.

Notice and Proof of Qualifying Event:

We will require proof that the insured is terminally ill. The diagnosis must be made by a physician as defined in the Benefit. Any diagnosis must be the result of clinical, radiological, histological, or laboratory evidence of the terminal illness. We may require a second medical opinion by a physician of our choice at our expense. If there is a conflict of opinion, we reserve the right to make the final determination.

Effect of an Accelerated Death Benefit:

When you elect to receive an accelerated death benefit, it will be treated as a lien against your policy. We will charge you interest on the accelerated death benefit paid to you. The Accelerated Death Benefit does not have an effect on the Premium and/or Cost of Insurance Charges of the base policy.

The maximum interest rate we may charge you is the greater of:

1. The interest rate charged on policy loans; or

2. the current 90 day U.S. Treasury Bill rate in effect on the date that the accelerated death benefit is paid.

The maximum interest rate we will charge on the portion of the lien which is equal to the cash surrender value of the policy at the time the accelerated death benefit is requested will be no greater than the rate we charge on policy loans.

The accelerated death benefit will first be used to repay any outstanding policy loans and any unpaid accrued interest thereon. Your access to the cash surrender value of your policy, if any, will be limited to the excess of the cash surrender value over the lien. The death benefit will also be reduced by the amount of the lien. There will be no effect on any benefits not used to determine the accelerated death benefit.

Any irrevocable beneficiaries or assignees must send us a written consent to the accelerated death benefit payment. The written request must be in a form satisfactory to us.

Below is a **sample illustration** of the effect of an accelerated death benefit on a **UNIVERSAL LIFE** policy. This illustration shows the effect on the face amount of the policy before the accelerated death benefit is elected, immediately after the election is made and 12 months after the election is made (assuming the insured is still living). This illustration also assumes:

(1) the Face Amount is $100,000; (2) a 50% accelerated death benefit is elected; (3) we are charging 6% on the lien; and (4) for **UNIVERSAL LIFE**, the cash surrender value does not change after the accelerated death benefit is elected.

IMPORTANT NOTICE REGARDING THE REPLACEMENT OF YOUR POLICY OF LIFE INSURANCE

You have been offered a policy to replace all or part of your existing policy of life insurance.

Your new policy provides 30 days for you to decide whether you wish to keep it.
